HERBELIN

HORLOGER CONTEMPORAIN DEPUIS 1947

Since its very beginnings, HERBELIN has set itself apart with its high standards, independence, humanity and elegance, values that have made it an exceptional force in the French watch market for three generations. Remaining faithful to the Jura mountains of its origins, the company is located in Charquemont, a few kilometres from the Swiss border. The decision to maintain production on French soil has always been an obvious one, a perpetual declaration of love and respect for French watchmaking expertise. Still today, it drives the creative independence and superior quality of the HERBELIN brand.

HERBELIN
is about heritage,
family, freedom.
And now,
it's about the future.

Follow us

Michel Herbelin South Africa / @mherbelinsa

DESIGNING FOR TOMORROW FOR MORE THAN 75 YEARS

When you come through the doors of Michel HERBELIN, you are entering the history of a remarkable family. The history of a burning passion for watchmaking, written by three bold generations since 1947.

A PASSION FOR PRECISION, REFINEMENT AND ATTENTION TO DETAIL

What distinguishes HERBELIN is its unwavering love of the beauty and movement that give traditional French watchmaking its prestige. Brimming with boldness and expert craftsmanship, the brand creates irresistibly elegant time-pieces with irreproachable mechanisms. Its one ambition: to make creations that last, to perfection.

A PASSION FOR PURE CREATION WITHIN THE FAMILY

The development of the HERBELIN company in France and around the world has always been guided by family values and the passing down of knowledge through generations. A demanding, passionate entrepreneur, Michel Herbelin's unique creative independence has been carried on by his sons and grandsons and will always be at the company's heart.

THE PASSION TO BOLDLY REINVENT ITSELF, WITH STYLE

Since 2020, HERBELIN has been managed by Maxime and Mathieu Herbelin, the founder's grandsons, as well as two key family members, Cédric Gomez-Montiel and Benjamin Theurillat. Remaining faithful to the tradition and innovation that have marked the brand's history, they are now looking to the future and beginning a new chapter, one in which this great name in French watchmaking will shine more brightly than ever.

Maxime Herbelin,
Cédric Gomez-Montiel,
Mathieu Herbelin,
Benjamin Theurillat

TIMELESS CRAFTSMANSHIP IN THE FRENCH TRADITION.

The HERBELIN company has been nestled in the Jura mountains since its earliest days, and produces all of its collections at its Charquemont workshops.

Here, authenticity goes hand in hand with boldness and a love of beauty and movement. That is what it means to be a timekeeper in the French style.

THE CHOICE OF FREEDOM

Located in the heart of the Fine Watchmaking region, HERBELIN has opted for artisan excellence by maintaining production on French soil. A choice of rarity, craftsmanship and pride. All of its watches are designed, assembled by hand, inspected and repaired at the brand's Franche-Comté workshops. Thanks to its proximity to the border, HERBELIN uses exclusively Swiss movements in its timepieces, which it enhances with the luxury and refinement of genuine French style.

AUTHENTIC WATCHMAKING EXPERTISE

Being true to its origins gives HERBELIN the advantage of being able to rely on long-standing, highly qualified talent. The brand's manual techniques, style and technicality are maintained by master craftsmen, who are keen to pass on their passion and expertise to new generations of French watchmakers. They are committed to the history of HERBELIN, which is also their own, and are therefore an integral part of the life and reputation of the company.

FINEST MATERIALS

HERBELIN timepieces are assembled in France using the finest materials and watch expertise in the sourcing thereof. All Materials include, Swiss movements, 316L stainless steel for cases and steel bracelets. High quality FKM rubber and genuine leather for alternative straps. Dial designs & materials vary with unique finishes. Certain designs use more exotic materials such as genuine Mother of Pearl, Diamonds and Crystals. All HERBELIN are set with scratch resistant Sapphire crystal glass

SERVICES AND GUARANTEES

Acquiring a HERBELIN is the beginning of a long-term relationship during which our experts will accompany you and provide all the necessary assistance and services. To guarantee an ideal functioning timepiece, it is necessary to proceed to service your watch. We will also assist you with any issue you may experience over time. HERBELIN watches have an International Guarantee of 2 years for Quartz and 3 years for Automatic movements.

All FKM rubber straps have a Guarantee of 10 years. Should your newly purchased HERBELIN be a bit small and require extra links, we will supply two additional links at our cost. If your timepiece is out of guarantee, the prices of your service will be communicated to you by our customer service consultant.

THE MOVEMENT OF CHANGE.

A new chapter has begun with the arrival of the 3rd generation at the helm of HERBELIN, and with it new ambitions of creativity, style and technicality to leave an ever more lasting mark on French watchmaking.

HERBELIN, A NEW IDENTITY

New era, new name. While the heritage of Michel Herbelin is forever anchored in the brand's identity, HERBELIN now consolidates a family success and marks the advent of an emblematic luxury brand. The name represents all the generations of excellence, past and future; all the brand's craftsmen who create exceptional timepieces every day; the French signature of a brilliant ambition.

HERBELIN, CONTEMPORARY WATCHMAKERS SINCE 1947

The brand now looks proudly to the future, continuing to leave a lasting impression with its renowned craftsmanship and passion for innovation. HERBELIN is the heritage of creative freedom and the desire to produce refined watches that stand the test of time, with respect for traditional French craftsmanship. Since 1947, and for many years to come.

HERBELIN BOUTIQUE IN PARIS

To mark the brand's renewal, HERBELIN will have the honour of opening its first flagship boutique in 2022, on rue Bonaparte in Paris. An ideal address from which to extend its reputation throughout the world, a showcase for the brand's iconic models, and an elegant meeting place for all style lovers.

M-BAND

M-BAND

An elegant timepiece which is emphasized by the fluid
highly polished solid stainless steel bracelet
and bevelled case, encasing the various dials,
creates a distinctive design like no other.
